Before Creating a PDF

- Update the copyright notice to the bottom of the first page of your source based on the appropriate copyright notice.

- For papers in which all authors are employed by the US government, the copyright notice is:
U.S. Government work not protected by U.S. copyright
- For papers in which all authors are employed by a Crown government (UK, Canada, and Australia), the copyright notice is:
979-8-3315-8598-3/26/\$31.00 ©2026 Crown
- For papers in which all authors are employed by the European Union, the copyright notice is:
979-8-3315-8598-3/26/\$31.00 ©2026 European Union
- For all other papers, the copyright notice is: **979-8-3315-8598-3/26/\$31.00 ©2026 IEEE**
(Already in the paper template - update based on above information if necessary)

- **Tip for adding the copyright notice in LaTeX**

If you are preparing your paper in LaTeX and you are using the IEEEtran document class, the following instructions can help you to add the copyright notice to appear about 1 cm below the left column of the first page, and to be aligned to the left with the same left margin as the column:

- Add/Update the following code before the `\maketitle` command:
 - `\IEEEoverridecommandlockouts`
 - `\IEEEpubid{\makebox[\columnwidth]{979-8-3315-8598-3/26/$31.00~\copyright2026 IEEE\hfill}\hspace{\columnsep}\makebox[\columnwidth]{}}`
- Add the following code after the `\maketitle` command:
 - `\IEEEpubidadjcol`
- Make sure you **use the appropriate IEEE copyright notice string**, in LaTeX, as explained above.

- Proofread your source document thoroughly to confirm that it will require no revision.
